

# Updates and tips

## Official programming platform partner

This year, as previous year, Hackerrank joins with us as the programming platform partner. If you are familiar with Hackerrank, good, keep practicing. Otherwise go to [www.hackerrank.com](http://www.hackerrank.com) and sign up using the email addresses you have provided to us. Try to be comfortable with the platform by solving practice questions. Particularly focus on input/outputs test cases and how the marks are given.

## What you have to bring?

Bring a good laptop. We will be provided Internet through WiFi. But better to bring a dongle as a backup.

The power extensions we are having are square sockets. So if your laptop charger does not fit in square sockets, please bring an adapter which suits your laptop.

## Who will be participating?

These are the confirmed participants at ACES Coders v5.
